With Ferrin Cox

The Elba Public Library board is getting ready to build a new building following the loss of their facility and all the books during the flood of 1990. The library can use any extra money available. With that thought in mind, board members have a suggestion for merchants who don't feel comfortable asking for and keeping the money the county sales tax refund for themselves. They can assign the money the county sales tax refund to the Elba library. We have said our personal feelings are that this money doesn't belong to the merchants and we add that donating it to the library is an excellent idea.

We watched a TV news program Thursday evening, the one with the interview with the woman who claimed William Kennedy Smith raped her. The Palm Beach court found him not guilty, which upset many folks - women's right supporters and anti-Kennedy folks included. We heard the later comments of jurors who said the woman just didn't sound as convincing as Smith. We will never know exactly what happened that night, but we were not surprised at the outcome of the trial. The Kennedy family would spare no cost to hire the best lawyers, experts, etc. in the nation. That isn't critical, we probably would also if we could afford it. Now we read the taxpayers will pick up much of the expense of these high priced experts. That we don't really like, but it is the law of the land.

Anyway after watching the woman being interviewed on the tube, we ain't really impressed with her either. We had the opinion that Smith wasn't a really ideal person and now we ain't overly impressed with the thoughts which must have run through the minds of those on the jury.

The Alabama Tax Reform Task Force has recommended a cut of 20% in state employees before increasing state taxes. This will sound good to the majority of Alabama taxpayers but state employees will not have the task of just not letting themselves become employed. If this becomes a viable proposal, we will see some state employees really working the legislators like they ain't never been polioed before. Maybe a compromise would be some form of just not letting themselves become employed. This would mean the political jobs as well as the working jobs of the proposal was to work.

That fellow LaRouche, who has run for president several times and is presently in jail for fraud involving extra donations from unsuspecting citizens who happened to carry a credit card, etc. is back in the news. He has received \$1.8 million in federal matching campaign funds in years past and wants more. The law will not allow him to vote as a convicted felon, but he can still be a candidate. He is planning to run from prison and again wants matching funds. So far the Federal Election Commission is saying no. With LaRouche's track record, he will probably file a lawsuit over that. What scares us now is he could win and that is one reason we don't like tax money funding political campaigns.

We have watched in amazement as the Soviet Union fell apart right in front of our eyes. Something that just a few months ago appeared to be a threat to the world, has suddenly shown it was unable to even stay alive...and all that with any war as we know wars. The lie just didn't continue to be convincing to the people forever. The fact that Gorbachev is "losing" his job should be classified as a failure. He himself promoted the changes in the U.S.S.R. that brought about the dissolving of the Union. We must remember that this was a union forged with guns and ultimately only guns would have kept it together.

This paper is being printed in time for most of our readers to get in prior to Christmas and we take this opportunity to wish each of you a Very Merry Christmas. During this holiday season, we hope each of you is in that group of people who really enjoy the gaiety of the times. We hope all your problems are little ones, if they exist at all.

WE GET LETTERS

Dear Editor:

Recently, on December 11, 1991, something very disturbing was brought to my attention. It concerned the distribution of results of the Alabama High School Graduate Exam. This is a required test that all students must take and pass before they can graduate high school.

On December 11, an article in the Enterprise Ledger - "Grad Exam Results are In" showed results of the test for our area. The information about the Elba City School System was startling. It's bad enough that we had lower scores than anyone else, but should we have to wait and find the scores (for the first time) through a public, multi-city newspaper along with the rest of South Alabama?

I don't know, but I can only assume that the Board of Education released this information prior to any of us knowing whether we had passed or failed the test.

As of this date, 12-19-91, I am sad to say that I or anyone else that I know of still doesn't know if he or she is among the increased amount of participants that failed the test. Why haven't we been informed?

I don't know if the Board released this information voluntarily or involuntarily, but as students of Elba High School, surely we must be entitled to know of our performance before the first customer of an area convenience store, who pays a quarter and starts his day informed.

Sincerely,
Joe Boyezman,
Student, Elba High School

Dear Editor:

Coffee County Department of Human Resources wishes to express our sincere sympathy and regret over the passing of our Board Chairman and friend, Mr. Fred Donaldson. Mr. Donaldson gave unselfishly of himself and always had time to help those in need. His devotion and leadership will be greatly missed. Through Mr. Donaldson's leadership, this agency progressed and its image was greatly enhanced. We regret very much the loss of Mr. Donaldson but we take consolation in the fact that he chose to share with us himself which, after all, is the greatest contribution he could give.

Sincerely,
Ronald C. Smith,
Director

Some Things Still The Same

The Atmore Advance
Wednesday, December 18, 1991
by Michele Cox Gerlach

Jimmy Foley lives in his hometown. He's probably 65 years old and would be described by people of his mother's generation as "not right."

He's a big man - about 5'7", 275 pounds. But trapped inside his man's body is a child's mind.

He's always lived there with his brother, who was principal of the high school forever. And most every day, Jimmy Foley is driven to town and dropped off to make his rounds.

He carries a transistor radio on his belt and wears a hat. And during his daily trip to town, he visits with several merchants. In the summertime, he counts himself the caretaker of the banana tree on the courthouse square. When a hometown boy wrote a book about smalltown life, his story was set in a town with a banana tree on the town square and had a caretaker who "wasn't right."

Jimmy Foley also regularly walks from his house to the nursing home for more visiting.

But of all the things he does, his favorite comes in the Christmas season. The City of Elba pays him \$5 a year to turn on the Christmas lights on the town square every night of the season.

It's a job he takes very seriously...late afternoons this time of year, he starts reminding those he encounters about his job.

"Jimmy has to turn on the Christmas lights tonight," he'll say. "Did you see the lights Jimmy turned on last night?"

The Soviet Union is crumbling. Communism is on the decline. People communicate by car phones, and if you call their office, you likely talk to a contraption called voice mail.

The same people who once found it strange when their moms baked cakes from a box now microwave their suppers.

Floods, hurricanes and new development continually change the appearance of places we hold dear. Children grow up. People move away. Small towns are falling more and more by the wayside.

And one day we wake up and realize things aren't as they used to be.

Last week, on Page 2 of the hometown paper, there he was...posing with the mayor as he plugged up the lights for the first time this year.

Lots of things are changing in our world. But in Elba, Ala., Jimmy Foley still turns on the Christmas lights every night during the season.

Thank God, some things are still the same.

THE ENTIRE NEW BROCKTON ELEMENTARY SCHOOL...honors old farmers by having a farmer dress-up day during the recent Farm-City celebration. Shown here is the 5th Grade class with teachers Lynn Baker and class and teacher Jean Wakefield. Principal Charles Cole, far right, got dressed up too.

Happy Holidays

Christmas is many things to many people: visits to and from relatives, looking at the present and deciding to improve on the future? Is it buying too much for someone who has everything, or is it giving to someone who is less fortunate? Is it eating until we're miserable, or is it helping a starving child whose family can't afford a meal? Christmas is my favorite time of the year. It symbolizes the ending of a year and the beginning of a new one.

Farris Family Top Broiler Producers

by Richard Petcher
Associate County Agent

Billy Paul Watkins, broiler producer manager of Southland Broilers, presented Dawson and Frankie Farris with Southland's Top Broiler Producer Award for the year during the recent Farm-City Banquet in New Brockton.

Dawson and Frankie Farris live in the New Haven Community near Elba. They have five children - Greg Oglesby, Jan Wicker, Denise Farris, Michelle Farris, and Jason Farris - and two grandchildren - Mark Wicker and Jess Oglesby. They attend the New Haven Baptist Church and are all members there.

All of the children are thankful for the opportunity to have been raised on a farm and for the quality of life farm living has given them. They come home as often as possible.

This award was given to them because of their production and management standards that they achieved.

Dawson Farris worked in Montgomery for two years and returned to Coffee County in 1968. He started clearing land for himself and others and has continued in the excavating business for 23 years. Through the year he has farmed peanuts and other row crops. They have 250 head of cattle and a great deal of pasture land.

The chicken houses, however, are the heartbeat of the Farris Farm operation. In 1987 they put in six chicken houses and now have a total of 10 houses that house 160,000 birds at a time. They grow out six

flocks a year that total 960,000 birds a year.

In visiting with the Farris family, they shared several of their keys to success. First of all, they gave God the blessing in not only providing income but also providing the poultry litter for fertilizing and feeding the chickens. You don't have to visit with the Farris' long to discover that they are an enjoyable couple. Much of their success comes from their creativity as well as being well informed, combining a lot of hard work, determination and dedication to their farm.

Tigers rally in fourth quarter to pound Samson 57-40

News From
THE PRESSBOX
By Ricky Mularz, Sports Editor

I guess you could say she was "dreaming of a white Christmas" Sunday morning. Melanie came rushing into our bedroom saying it was snowing outside. I knew better, but went along with her excitement and looked outside to see the thickest fog we've had in quite some time. Melanie never did admit it was fog, but she did agree maybe it wasn't snow. With her imagination I guess anything is possible.

ELBA TIGERS PLACE 4TH IN ENTERPRISE TOURNEY

The Elba Tigers may have had no business in last week's Enterprise Christmas Tournament, but that didn't stop the Tigers from placing fourth in the event ahead of such teams as Greenville, Opp, Monroe County and Charles Henderson, and coming within a single shot of making history with what was almost a big win over Montgomery's Sidney Lanier.

The Tigers stunned Charles Henderson in the opener 55-50 behind the play of Terry Goosby and a total team effort, then got clobbered by Douthan 95-57 in a game that Douthan seemed to really enjoy, and then in the consolation game came within a shot of knocking off 6A Lanier, only to fall 52-51.

It never helps to lose and the Tigers did lose two of three in the Enterprise event; however, the big loss to Douthan had to embarrass the players and make them dedicated to make sure nothing like it ever happens again, while the loss to Lanier was a heartbreaker, but at the same time had to give the players a shot of confidence, because they almost whipped a 6A team from Montgomery.

Elba will get into the meat of its schedule after the holidays and has some big games left. Elba will enter the 92 part of the schedule with a 6-4 record, but has a much better team than the record indicates and has been a most pleasant surprise. The Tiger players are giving it all they've got every minute of every game and Coach Danny Foster has already won some games because of his coaching skills. What was supposed to be some fun of a down year may turn into a fun season for the Tigers and their fans!

COUNTY TEAMS WORKING TOWARD SEAC TOURNEY

The three county teams are off taking a short rest before next week's Southeast Alabama Conference Tournament and while all three have different records, all three have enjoyed some success in the early part of the season.

NEW BROCKTON will carry a 4-3 slate into the tourney and is brimming with confidence and excitement after a good showing in the Daleville tournament. The Gamecocks have one of the state's top sophomores in Adrian Flowers and some players that know their roles well, which combined together appears to add up to another exciting season.

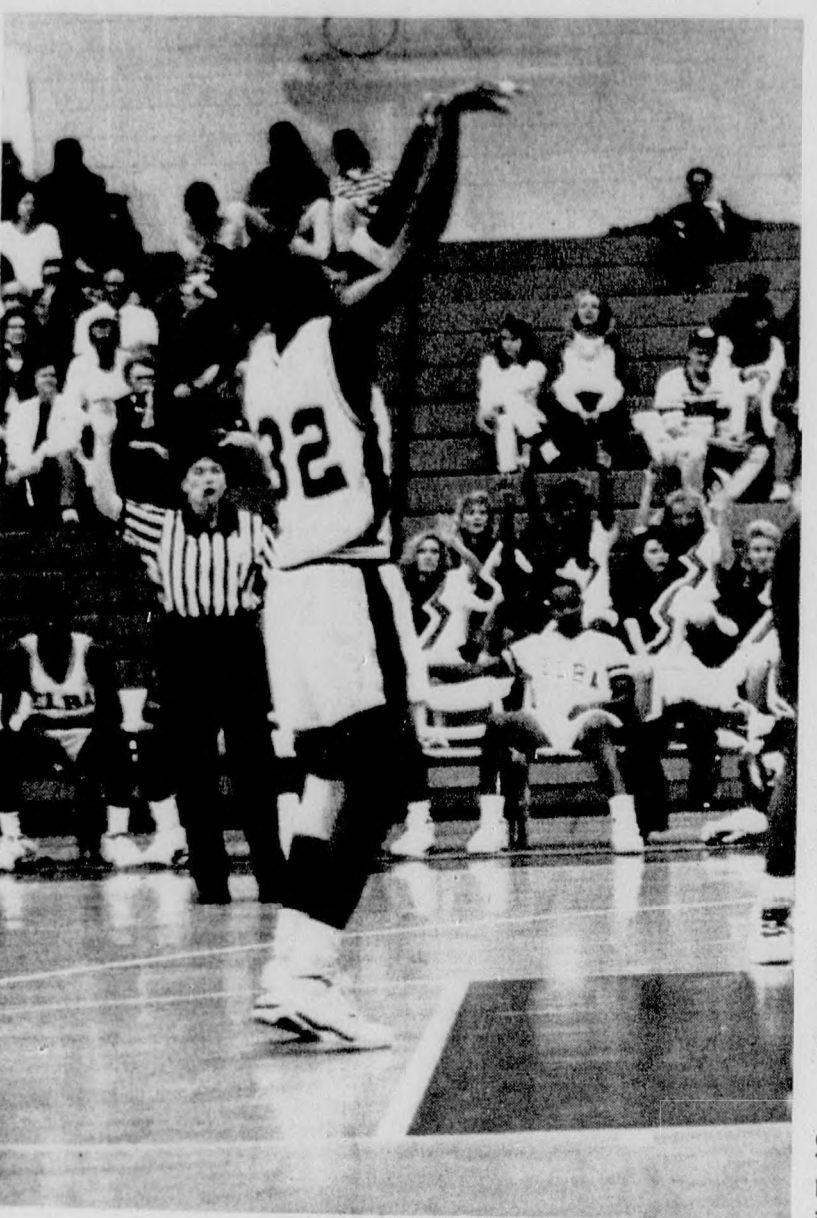

ZION CHAPEL will be 3-2 at the tourney and the Rebels are without a doubt the surprise team in the county. The Rebs opened the season with only seven players on their roster, but have never backed down and look like a team to keep an eye on in 1A. If the Rebels can remain well rested and gain confidence as they go, watch out!

KINSTON noted its record to 6-5 with a big win over Cottonwood in the Daleville tourney and the Bulldogs are still capable of beating anybody on any given night. The Bulldogs aren't the most talented team around and may not win anywhere 20 games, but you can bet the Bulldogs will play hard every night out and never live anything on the court.

The Elba Tigers dozed off early in the third quarter, but woke up late in the stanza and then took complete command as they pounded the Samson Tigers 57-40, Tuesday night in Samson.

The win upped Elba's record to 5-

1, while Samson slipped to 4-2 with the loss. Samson jumped out to a quick 3-0 lead in the opening stanza and remained on top until 2:58 left in the quarter when a basket by Marcus Tyson knotted the score at 7-7.

ELBA'S ALEX MAGWOOD (32) fires in a free-throw during a recent Tiger win. Magwood earned "All-Tournament" honors last week as the Tigers placed 4th in the Enterprise Christmas Tourney. This week the Tigers will travel to Douthan to meet the Douthan Tigers in the annual Douthan Progress Prep Holiday Classic, at the Douthan Civic Center.

Tyson's basket ended a three-minute scoring drought for the Tigers and sparked a 10-0 run that put Elba ahead 15-7 by the end of the quarter.

The Tigers increased their lead to 20-9 with 5:55 left in the half on a free-throw by Terry Goosby and still owned a big 24-13 advantage with 3:38 left in the half when Dee Miller scored on a short jumper.

Elba carried a 24-15 lead in at the half and led 26-18 with 6:10 left in the third quarter, but Samson suddenly came to life and stunned the Tigers by reclaiming off 15 straight points to take a 33-26 lead with 3:29 remaining in the stanza.

A basket by David Yelverton with 3:15 left snuffed the Samson run, and the Tigers quickly regrouped as they outscored Samson 11-2 over the final two minutes of the quarter to regain the lead at 37-35.

Samson cut the lead to 39-37 early in the fourth quarter and it appeared as if the game would go down to the wire; however, the Tigers had different thoughts and applied an aggressive full-court press that totally befuddled the Samson offense.

The Tiger defense took advantage of Samson turnovers to score six points in a 23-second span to go on top 45-37 and before Samson scored again the win was in the bag for the Tigers as they owned a big 49-37 bulge.

Samson finally scored again with 2:40 left in the game, but that was it as the Tigers romped their way to the 57-40 win.

Dee Miller scored 20 points to lead Elba.

Feeding whole cotton to cattle is a big concern to all area cattle producers

By
Richard Petcher
Associate County Agent

With the dry weather we have had here in Coffee County and around the Wiregrass, winter grazing has either not been planted or very slow in growing. With the price of whole cotton seed low, a big portion of area cattlemen are considering feeding whole cotton seed as a supplement to their grazing. I would like to take just a few paragraphs and give you some guidelines to use in feeding whole cotton seed.

Whole cotton seed is a very high fat content feed. Because of this, to some extent, it is a self-limiting feed. You should not have any problems with feeding it to most types of beef cattle. For example, bulls, growing heifers, lactating cows, even on a limited basis to feed pregnant cows, there should not be any adverse affects according to most nutritionists I have talked to. If you fed whole cotton seed at a high level for an extended period of time, there could be

some adverse affects. With feeding for the next two or three months and keeping your poundage down to a low level, there should not be any problem.

The best application of feeding whole cotton seed is to feed it to lactating cows with calf at side. In this case, assuming the cow will eat somewhere around 40 pounds of feed a day, I would feed around five pounds per head per day of whole cotton seed and let the rest be made up of good quality hay. This particular ration will easily meet her energy requirements it will not meet her mineral and vitamin requirements. To meet these, I would feed a good high mag mineral free choice or mix in the feed in some fashion. By feeding a high mag mineral if the grass does come on, you will be ready to go.

As I stated before, fat is really the only negative factor associated with whole cotton seed. Whole cotton seed is roughly around 25 percent fat, and that is very high. At the same time, feeding it around five or six pounds at the very most, most breeds and most types of cattle should consume it without any problem.

Tigers to compete in Progress tourney

The Elba Tigers will continue their busy holiday schedule this week when they travel to Douthan to compete in the 9th annual Douthan Progress Holiday Prep Classic.

The high school basketball tournament is regarded as one of the top holiday tournaments in the state and is played at the Douthan Civic Center, with all proceeds going back to the teams in the event.

This is one of the prestige tournaments in Alabama and it is an honor to be in the field," said Elba's Coach Danny Foster, "but when you look down the bracket it doesn't take a genius to figure out we are in a little over our heads."

It is good to play in a quality tournament in a nice location and the Civic Center is an outstanding facility," added Foster. "I just wish we had received a better draw or that the field wasn't quite so strong. We open up with Douthan, the defending tourney champs and a state tournament team last year, and Douthan may be even better this year. They have outstanding guards and more big guys to run in inside than most schools we see in a decade. We'll be over-matched at every position, but our kids won't back up and I'll be disappointed and surprised if we don't play hard for all four quarters. On paper it looks like we don't have a chance, but if the kids will give it all they've got you can never tell what might happen."

With our schedule and the large number of games that have been postponed, we need to play during the holidays, even if we are up against bigger and more talented teams," said Foster, in his first year at the Elba field. "Every time you hit the court you should learn something about yourself and your team, and from that aspect maybe the busy holiday schedule will help us down the road."

Elba will begin play in the tournament tonight (Thursday) at 9:00 p.m., against the 6A Douthan Tigers, with first round action to be held both Thursday and Friday.

Top teams in the field include Douthan, Abbeville, Enterprise, Carroll, Headland, Malone, Greenville and Rutherford.

Brantley wins Crenshaw County tourney

The Crenshaw County Basketball Tournament was held last week in Lufkin and proved to be little more than a showcase for the Brantley Bulldogs as the talented Dogs coasted to the tourney championship.

Brantley, which improved its record to 6-2 with the win, disposed of Highland Home 95-68 in the opening round and then bounced Lufkin 77-72 in the finals to take home the top prize.

Following are highlights of both Brantley wins:

BRANTLEY 95 HIGHLAND HOME 68

Brantley pulled ahead early and never looked back Thursday night as the Bulldogs pounded the Highland Home Flying Squadron 95-68.

Derek Caldwell scored 25 points and pulled down 20 rebounds to spark the Bulldogs, while Eric Person added 18 points and grabbed 10 rebounds and Ronald Rodgers scored 16 points. Willie Stewart scored 16 for Highland Home.

BRANTLEY 77 LUFKIN 72

Brantley handed Lufkin its first loss of the season Saturday night as the Bulldogs defeated the home-standing Tigers 77-72.

Tournament "Most Valuable Player" Derek Caldwell poured in 35 points and pulled down 25 rebounds to lead the Bulldogs to the win, while Ashley Kileasue added 16 and Eric Person scored 15. Antonio Brown scored 16 for Lufkin.

BRANTLEY 95 HIGHLAND HOME 68

Brantley pulled ahead early and never looked back Thursday night as the Bulldogs pounded the Highland Home Flying Squadron 95-68.

Derek Caldwell scored 25 points and pulled down 20 rebounds to spark the Bulldogs, while Eric Person added 18 points and grabbed 10 rebounds and Ronald Rodgers scored 16 points. Willie Stewart scored 16 for Highland Home.

BRANTLEY 77 LUFKIN 72

Brantley handed Lufkin its first loss of the season Saturday night as the Bulldogs defeated the home-standing Tigers 77-72.

Tournament "Most Valuable Player" Derek Caldwell poured in 35 points and pulled down 25 rebounds to lead the Bulldogs to the win, while Ashley Kileasue added 16 and Eric Person scored 15. Antonio Brown scored 16 for Lufkin.

With our schedule and the large number of games that have been postponed, we need to play during the holidays, even if we are up against bigger and more talented teams," said Foster, in his first year at the Elba field. "Every time you hit the court you should learn something about yourself and your team, and from that aspect maybe the busy holiday schedule will help us down the road."

Elba will begin play in the tournament tonight (Thursday) at 9:00 p.m., against the 6A Douthan Tigers, with first round action to be held both Thursday and Friday.

Top teams in the field include Douthan, Abbeville, Enterprise, Carroll, Headland, Malone, Greenville and Rutherford.

Brantley wins Crenshaw County tourney

The Crenshaw County Basketball Tournament was held last week in Lufkin and proved to be little more than a showcase for the Brantley Bulldogs as the talented Dogs coasted to the tourney championship.

Brantley, which improved its record to 6-2 with the win, disposed of Highland Home 95-68 in the opening round and then bounced Lufkin 77-72 in the finals to take home the top prize.

Following are highlights of both Brantley wins:

Elba places fourth in Enterprise Christmas Tourney

The Elba Tigers competed in the Enterprise Christmas Tournament last week in Enterprise and posted their fourth win in the eight-team event.

The Tigers opened the tourney with a 55-50 upset win over Charles Henderson, but then fell to Douthan 95-57 in the semifinals and Sidney Lanier, of Montgomery, 52-51, in the consolation game.

Enterprise won the tournament, followed by Douthan, Lanier and Elba. Other teams in the tourney included Monroe County, Opp, Greenville and Charles Henderson.

Following are highlights of the Tigers' three tournament games:

ELBA 55 HENDERSON 50

The Elba Tigers pulled ahead late in the third quarter and held on in the closing minutes to upset the Charles Henderson.

The Trojans opened the second quarter with a spurt and scored eight unanswered points to grab a big 28-21 lead with 3:37 remaining in the period.

A pair of free-throws by David Yelverton ended the Tiger scoring drought with 3:31 left in the quarter and sparked a late Tiger rally that enabled Elba to close the deficit to 30-28 by the end of the half.

Elba caught the Trojans on an inside basket by Nick Whitfield and the score see-sawed back and forth with the score remaining knotted at 38-3

Grand jury indicts Ann Osburn

by Marvin McLwain
Editor

A Coffee County, Elba Division, grand jury, convened last week and returned a true bill indictment against Circuit Judge Terry Butts' secretary for the offenses of forgery and unauthorized use of credit cards.

The indictment charged Ann Osburn, 44, of 1149 Oak Avenue Elba, with 73 offenses of forgery, second degree and 2 offenses of unauthorized use of a credit card. An alternative offense of possession of a forged instrument is included in each of the forgery offenses.

According to Bruce Devane, Chief Investigator with the district attorney's office, the amount involving checks in the forgery offenses totaled \$34,483.20.

All offenses handed down by the grand jury are Class C felonies which carry a penalty, for each offense, of one (1) to ten (10) years imprisonment and/or up to \$5,000.00.

Osburn was arrested in September on warrants signed by 12th Judicial Circuit Judge Terry Butts and Suzanne Carroll Butts of Elba.

Monies involved in the offenses were from personal and private accounts belonging to Judge and Mrs. Butts. No funds belonging to the county and state were involved in the scheme.

In a preliminary hearing held on Monday, November 25, Investigator Devane testified that Osburn voluntarily told him she forged Judge Butts' signature on checks drawn on her and his wife's personal checking account, on the judge's supplement checks from Pike and Coffee County Commissions, and on state travel expense checks.

She also admitted, according to Devane's testimony, to using credit cards belonging to Judge and Mrs. Terry Butts.

The hearing was continued until the Butts could appear in court and testify. Now that the indictment has been handed down by the grand jury, the preliminary hearing will not be continued.

Osburn remains free on a total bond of \$75,000. She is scheduled to appear before the Circuit Court of Coffee County on January 9, 1992 for arraignment.

Representing Osburn in the case are court appointed attorneys, Warren Rowe and Steve Blair.

The case was investigated by the district attorney's office and the Alabama Bureau of Investigation.

One-time raise heads council agenda

by Ferrin Cox
Publisher

The Elba City Council voted Thursday evening to give all full time employees a one time pay raise of \$50 each. Part time employees, who work 20 hours or more per week, will get a one time raise of \$25 each.

The council again delayed any action on the request to name a street in honor of the late Dr. Martin L. King. The committee appointed by Mayor Fred Moore to make a recommendation, reported it had met but wanted to study some additional options before making a recommendation. The committee consists of

Council members Gladys Yelverton and John W. Sharpless.

Police Chief Freddie Hanchey reported on the activities of the police during the past two weeks. The department has received 113 complaints, including three traffic accidents, since the last report period. 18 traffic citations were issued, including four for DUI. During this same period there were 46 criminal arrests.

The animal control officer impounded 11 dogs during this same period. Two were returned to their owners and three were sold.

Moore informed council members that the rental housing rehab program was showing progress and the city fast overcoming the ravages of

the 1990 flood.

"The prospects of receiving a grant for an owners' rehab program is real good," said Moore. The area to receive the funds is confined to the Mulberry Heights area and grants will be available up to \$12,000. Owners will only be required to match 12% of the approved grant. Details will be available once the project is approved.

Mayor Moore closed the meeting by wishing everyone a Merry Christmas with lots of fun, plenty to eat, no sickness nor accidents. He said he appreciated the cooperation of the city employees, the council and the news media.

Elba W & E Board awards water system contract

by Ferrin Cox
Publisher

The Elba Water & Electric Board met on Thursday evening to accept bids on two water system projects. They also voted to give employees a one time pay raise.

Brunson-Nichols was awarded a contract to install several thousand feet of new water lines. The cost of this work is \$221,014.50. They have ninety days to complete the work.

However some of their work must wait until completion of water well work which will take six months.

Therefore at a designated point their 90 days stops running and begins again after completion of the water wells in six months.

Lane Central, who has done extensive well work in Elba and other area cities, was low bidder on drilling one new well and doing some re-

pairs on two others. Their bid was \$391,937.00, with six months to complete the work. The new well will be located at the site of the newly erected elevated tank adjacent to the new Elba school park. It will tie into the whole water system but will primarily fill a need for additional water volume and water pressure on the West side of town, which includes the major industrial facilities in Elba.

Paying of Christmas bonuses is illegal for public employees, therefore each year at this time many municipalities and boards give their employees a "one time pay raise". The Elba Water and Electric Board voted Thursday night to give full time employees a one time raise of \$50 each.

Part time employees, who work 20 hours or more per week, will get a one time raise of \$25 each.

Dear Santa,

Dear Santa,
I will be leaving you some warm milk and some home made cookies that I will be helping Mommy make especially for you. Your milk and cookies will be by the fireplace so they will stay warm. I will leave Rudolph a shiny red apple with no worms. To show you what a good girl I've been this year, I helped my mommy pick out the prettiest live Christmas tree. When we brought it home I helped my Mommy and Grammy decorate it with lots of lights. Now if you have a moment, can we talk about what I want for Christmas? I would like a Barbie doll house with an elevator, a Barbie Ice Cream Maker, a BB Gun, a Tummy Talk Baby, a new stocking, and a Barbie Hawaiian ice maker. My little brother (Scooter) needs a new pillow, some toys to play with in the tub, and we both would like lots of surprises.
With Love From,
Meta
P.S. Please bring Ms. Mooney a big jar of gum drops, so they will make her sweet and she will quit teasing us about living on the moon.
